

Killing Off the Big Boys

(SG-1's Gloat Song)

Words by Julia and Rowan West

To the tune of "Playing with the Big Boys" from "The Prince of Egypt" music by Steven Schwartz

Daniel and Sam together: It all started with Ra. . . .
Daniel and Sam alternating (chanting):
(Slowly) Seth, Yu, Hathor, Ba'al,
(Speeding up) Cronus, Marduk, Isis, Osiris,
Sokar, Nirrti, Moloch, Imhotep,
Anubis, Apophis,
Cronus, Marduk, Sokar, Nirrti,
Heru'ur, Hathor,
(Really fast now) Ra, Seth, Yu, Ba'al,
Cronus, Marduk, Sokar, Isis,
Nirrti, Moloch, Hathor, Osiris,
Heru'ur, Apophis, Imhotep, Anubis,
Daniel and Sam together: Ra!

Teal'c: We have seen Goa'uld in high places
Think their power will put us on the run.

Jack: Well, forgive us these smiles on our faces
You'll know what terror is when we are done,
Son,

All: We're killing off the big boys now,
Killing off the big boys now.

Jack: Rifles and C-4 here,
Hand grenades, see how we're
Killing off the big boys now.

All: We're killing off the big boys now,
We're killing off the big boys now.
Each new Tau'ri mission
Leaves you Goa'uld wishin'
You had never pissed us off.

Teal'c: Take off that ribbon device, boy!

All: We're killing off the big boys now.

All: Look what happened to Ra. . . .
(chanting) Seth, Yu, Hathor, Ba'al,
Cronus, Marduk, Isis, Osiris,
Anubis, Apophis,

Sokar, Nirrti, Moloch, Heru'ur. . . .
We're killing off the big boys now,
We're killing off the big boys now.

Daniel: Jaffa flee before us,
They cannot ignore us,
Since we killed the Horus guards.

Sam: We'll steal your tech,
We'll blow up your star,

Jack: Don't think we won't put up a fight!
We will hold our own tonight.

All: And then, boys, we'll watch you die.

Jack: Goodbye!

Teal'c: For it's your own graves you've dug, boys.

All: We're killing off the big boys,
Killing off the big boys,
Killing off the big boys,
Killing off the big boys,
Killing off the big boys
Now!

Note: for the list of dead Goa'uld, you need to slur some of the syllables together for the three-syllable names where they're two syllables in the original song, but the original song *had* no three-syllable names except Anubis and Anukis!
